Under Secretary of State U. Alexis Johnson congratulates Miss Tibbets.

ed that after Miss Tibbets was promoted to Class I in the Foreign Service and appointed Ambassador to Norway in 1964 she developed a fluency in the Norwegian language and spoke regularly to groups representing all levels of Norwegian society.

In 1969 she was named a Career Minister.

Ambassador Tibbets won the Federal Woman's Award for outstanding career service in 1970.

Her Department career began in 1945. Four years later she was sent to London where she served as Attache, Consul and Second Secretary.

In later years she held such assignments as Consul in Leopoldville (1954-57); Officer in Charge of European Affairs, EUR (1957-59); Special Assistant to the Director, International Cooperation Administration (1959-61); First Secretary, U. S. Embassy, Brussels (1961-63); and member of the Senior Seminar (FSI) (1963-64).

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The road crew has been busy cleaning up the debris left from last winter. The greatest problem is trying to repair the damage done when the ground was not frozen and they had to plow. Many places require loam which we have not been able to get as yet due to the remaining frost in the ground.

The contractor who paints the lines on the streets is in town this week. This is the earliest we have had that project done for some time.

There is a remote chance of receiving the necessary Federal and State Aid this year to build our Sewage Disposal Plant. We have found a priority system is being used to determine eligibility for these funds. At the present municipalities on the Kennebec River are receiving the available funds. The only way we could become eligible is by those communities not being prepared at the local level. The River Basics Commission is doing a study of the Androscoggin River to determine, among other things, the feasibility of communities combining to use one plant instead of several.

HISTORICAL SOCIETY TO HOLD MAY MEETING

NEXT THURSDAY EVENING

Robert Dingley of the Naples Historical Society will speak to the members of the Bethel Historical Society at their May 6th meeting, 7:30 p. m., Casco Bank meeting room.

Mr. Dingley will describe some of their projects including their museum which is open in the summer months; and share ideas for making a historical society effective in preserving the history of a community.

There will be further discussion of the Homecoming the Bethel Society is sponsoring for the first week-end in October. It is hoped that all of Bethel's organizations—municipal, social and religious, will participate in the planning of this event which hopefully will bring back to Bethel many people who have spent some part of their lives here. It should be an exciting event, and is planned for the fall date to avoid conflicting summer events, such as Mollyockett Day.

If you have never attended a meeting of the Bethel Historical Society, you are most welcome to attend, whether an adult or student. Ask yourself what you know about Bethel. For example: (1) Who were the first settlers? (2) Date of incorporation as a town. (3) Place of first Post Office, Name of first Postmaster. (4) Did Bethel ever have a Congressman? Who was this person, if so? (5) When did paved streets and electrification come to Bethel. (6) Was Bethel the first part of town to be thickly settled. (7) Do you know the history of your house? Who used to live on your street or road?

A lot of living has been done in this community, and it is really fun to learn about it. Come and see, and share your knowledge, while enjoying refreshments, and sociability after the meeting.

Recent contributors of yards of pennies are: One yard, Mrs. Wallace Saunders; two yards, Mrs. Jeordie Merrill, and Kimball Ames.

GREENWOOD CITY

Mrs. Collette Morgan, Corres.
The earth now emerges from the snow. In the fields and on the lawns once again a new green lies in carpeted warmth.

Almost every day the ice, blown by a new and warmer wind, loosens. Some of it comes tinkling like glass into little nooks along the shore of the pond. Then it drifts out again glinting from the light and moves into the shadowy green of a pine or fir which can again reflect on the quiet waters.

From all the hillsides water flows out of the green of the moss down the slopes. Over the ledges there is the trickle or rush of sparkling streams each anxious to add itself to the pond or to gather in the clearest of pools.

A new odor of water and earth is in the wind.

The grackles, an army of them, walk the lawns. They are formidable walkers; sometimes amusing to watch as their tall legs exchange positions from left to right. The sun turns all their head and shoulders to a peacock blue. Their beaks erect and always alert are the shiny bright lemon-yellow eyes. A very slight motion and they are off. The crows saw their presence and

the swallows dip once again between the spring sky and the dead grass touched here and there by patches of green.

In my garden where so recently the drifts stood high, now a brighter sun stirs the roots coming to life in that darkness where someone once said they "keep house alone".

As I look from my window I can see a camp from whose chimney top a wreath of smoke, today, falls off and away, to mingle with the sky.

One morning recently as the sunlight began to bloom through ranks of early clouds the ducks flew in. They wheeled above the water then landed.

Two gulls, mewing with a flip and dash settled down on the edge of the ice. Both gulls and ducks took their time then flapped with measured wings into the distance.

Where I have walked the roads this week because there is still too much snow to try the woods, I find the air and earth rain washed and clear. Here Maine is Maine and life is life not an existence.

Mr. and Mrs. Franze Mills, Shapleigh, were at their cottage over the week end and had supper with Mr.

and Mrs. Clyde Morgan, Saturday. All enjoyed slides of Nova Scotia and local scenes.

Fay and Ann Holt and Colista Morgan were in Lewiston on Tuesday.

Several were at their camps here for the week end.

Brenda Millett visited her grandparents, Mr. and Mrs. James Coffin in Winsor last week.

Mr. and Mrs. Nestor Tamminen were in Augusta on Thursday.

Tommy Hakala celebrated his ninth birthday with a birthday supper party and five little boys Thursday evening.

Callers at Edla Tamlander's this week were her daughters, Lempi Cyr, West Paris, Helen Heath, Norway and Katie Tamminen, local.

Lisa Cotton was a patient at Stephens Memorial Hospital from Thursday until Saturday.

Greenwood City has a new "face" for the children under the supervision of Mr. and Mrs. Norman Milllett and Mrs. Clyde Morgan, cleared

SUNDAY RIVER

Mrs. R. M. Fleet, Corres.

Mr. and Mrs. Raymond Foster of Boston, Mass., were at the Foster place over the week end.

Handy Baker of Plainfield, N. J., spent last week end with his father, Romeo Baker.

Mrs. Laura Bennett and mother, Elizabeth Baker, called on Mr. and Mrs. Romeo Baker, this week.

Romeo Baker is doing some repair work about his home.

We are to have two more families as permanents coming to this neighborhood.

Our Sunday School really got going today even if the time did get all mixed up and caused some to be late.

Russell Yates was home Thursday and took his mother shopping.

Bruce Yates is gaining from his recent illness.

UPTON

Mrs. Arline Bernier, Corres.

Horace Goodrum wishes to thank those who sent cards to him. Sunday, he felt well enough so that after attending church with his family, he and they went to North Stratford to visit his 83 year old mother.

Next Wednesday, May 5, is cheery card day for Arthur Thompson and Edna Seward. Each of these live by himself and takes care of himself (herself) but have had illnesses which keep them somewhat house-bound. This will complete the list for the season. Thanks everyone.

Fred Judkins has let his cows out to pasture and has spent some time chasing them and repairing fences. Michael Largesse has been ill several days.

Glenn Abbott and children, Marci-on and Diane, Vera Abbott, Sidney, Lillian and Stuart Abbott of East Sumner, were up Sunday. They attended church and got Tammy Ab-

bott, who had been a guest of Kathy Bernier for several days.

The snow line is creeping back. There is a pile of snow left on the short section of Mill Road that is not plowed during winter. The boys were riding over it with bicycles Sunday, sometimes going further and faster than the bikes did so I tried to get through it Monday with the bus—it was rough for a few feet, but I got through and around the 3-cornered piece.

Mr. and Mrs. Robert Gerardin of Lewiston called on the Berniers one day last week.

Laurie Bernier went back to U. of M., Farmington Thursday after taking her father to Lynn, Mass., to attend the funeral of Arthur Bernier.

Mr. and Mrs. Jesse Doyen and Mr. and Mrs. Ralph Kimball were in Portland Tuesday.

Mr. and Mrs. Charles Gorman, Leland Mason, Mr. and Mrs. Jesse Doyen and Clarence Kimball were recent callers at Ralph Kimball's Norman Hunter of Portland, Oregon and Kirkville, Missouri, is also a visitor there.

TELSTAR OUTLASTS HALL-DALE

12:11 IN TUESDAY BASEBALL
Telstar Regional High School of Bethel outlasted Hall-Dale 12-11 in a marathon baseball duel at Farmington Tuesday which included 26 walks. The Bulldogs got out front to a 7-2 lead in the first four innings and the Rebels tied the count with five runs in the fifth and went out front to stay with three scores in the ninth.

Telstar picked up what proved to be the winning run with two scores in the seventh and the hosts bounced back with two runs in the bottom half of the frame. Hall-Dale had the tying run on third and the winning run on second when an infield grounder ended the contest.

RUNNING AMUCK

with Sandra M. Dunham

Someone has suggested open season on Moose. That reminded me of the "one day open season" my Uncle declared on a moose several years ago, while dwelling in his self-created paradise—a one room log cabin surrounded by strawberry beds. He looked up from his rustic table to stare into the big bored eyes of a bullmoose, who had the nerve to shove his head in the front door. He stood, as if glued, and there was no other exit for Uncle. He assumed the moose could not get his body all the way in; but this was a very poor time for assuming. Taking his lethal weapon for strawberry molesting robins, he fired a cap pistol under the moose's nose. Cap pistols have little effect on a moose. Moose psychology was next. In dulcet tones, Uncle pleaded "Go away, nice Moose." No movement. Exasperation seized my uncle's entire body. He grabbed the moose's antlers and proceeded to push. Moose do not push easily; they also resist being pushed. Antlers swung down and a uncle was mentally mapping a second overborne. Playtime had fled.

Sandra M. Dunham

Uncle grabbed a small wooden mallet and belted the beast between the eyes. The moose staggered backwards, and smashing down on a sawhorse, collapsed and rolled through the strawberry beds, crushing the succulent fruit as he went. When last seen, he was staggering into the forest primeval, I think my uncle was mentally mapping a second overborne. Playtime had fled.

LETTER TO THE EDITOR

April 26, 1971
To the Editor of the Bethel Citizen:
It is with increasing misgiving that I have been following in your columns the unfolding story of Mr. Applin's difficulties with the S. A. D. #44 Board of Directors. Apparently the Bethel community is disturbed. How else can one explain the attendance of 150 people at the S. A. D. meeting on April 18th at which Mr. Applin's dismissal was reaffirmed, the petition by 253 students in Mr. Applin's behalf and the speeches by almost a score of Bethel citizens whose community standing is beyond challenge. Like almost everybody else, I do not know the reasons for the refusal to renew the contract and therefore cannot address myself to the merits of the controversy. However what seriously disturbs me and others is that Mr. Applin has been denied due process which is an inherent right enjoyed by every citizen under the Constitution. Despite the fact that the dispute has been raging for several weeks it was only at the Board meeting on April 18th that "Robert J. Gerardi superintendent replied that Mr. Applin has requested and shall receive reasons and it was not appropriate to make the reasons public knowledge." (See Bethel Citizen, April 22, 1971, p. 1, column 4.)

It seems unbelievable that any public employee can be summarily dismissed without furnishing him the reasons for such dismissal and without a public hearing to air the charges. The local dismissal under a cloud may well ruin this young man's career, by making it impossible for him to obtain a position elsewhere. The right of an individual to be heard before he is judged and condemned is inherent in our system of law and justice. To first dismiss him, and then to furnish him reasons for the dismissal weeks later

TEACHER PROFILE

Mrs. Mary Jane Gaudreau, who teaches first grade at Ethel Bates School, has taught in that school since the fall of 1962. That year she taught the third grade, but has been with the first ever since. Her first teaching experience was as a substitute in grades 3, 4, and 5 at Locke Mills in April of 1961.

Mrs. Mary Jane Gaudreau

Mrs. Gaudreau is a native of Bethel and has always lived here, except for a four year residence in Hanover. She graduated from Gould Academy in 1956 and from Gorham State Teachers College in January of 1961. Her parents are Mr. and Mrs. James A. Spinney. Mr. Spinney has been deceased for four years. She was married in 1958 to Harold Gaudreau, who is presently employed at P. H. Chadbourne Company. They have five children, Geoffrey in the fifth grade, Thomas in the third grade, David in the first grade, and five-year old twins, Betsy and Bradley.

Mrs. Gaudreau belongs to the N. E. A., M. T. A., and S. A. D. #44 Faculty Club. She has taken various courses since her college graduation, including the Co-operating Teachers Course at Farmington. She has had two student teachers this school year.

Her interests include working on her home and being with her children. "I like teaching and wouldn't want to be doing any other kind of work!" she exclaims.

is an anachronism, reminiscent of Star Chamber proceedings.

An appeal to the Courts to test the validity of the procedure may well be in order. I agree with many Bethel citizens, that the S. A. D. Board of Directors should not be the judge and jury in proceedings of this type. In countless school districts throughout the country similar Boards act as buffers to protect their teachers. When the matter has been determined on a lower level it reaches the Board via an appeal. If Mr. Applin has had a hearing there has been no public disclosure of it. Secrecy in dealing with the fate and performance of public employees is intolerable and undemocratic.

Sincerely yours,
Mark E. Cymrot

BABY SITTER LESSON SUMMARY

Summary of lesson on "You As a Baby Sitter" in the course sponsored by the Bethel Branch and Service Center.

Qualifications of a good baby sitter:

1. A love for children is one of the most important. You need patience and a sense of humor for the long days, and these qualities are found only in those who like children and like to be with them.
2. Maturity is the ability to think of the child before all else. You must be able to put your homework away when he gets up from his nap or to keep away from the television when you should be with the child. Maturity is also to keep calm in an emergency and to know what to do.
3. It is your responsibility to keep the child happy and safe at all times, and to understand that this is the most important part of your job.
4. Dependability means that you will not back out of your job unless you have a "real" reason and that you will always be on time.
5. Your health and appearance both reflect your attitude. If you sit with a cold, you are showing no concern for the child's health. If you are sloppy in your dress, you are showing no understanding of the importance of your job.
6. Your manners must be good. You are to show respect for your employers by treating their home well and by never talking about them or their child to other people. A child is always learning from those

STUDENT COUNCIL NOTES

High School Sign-Out Policy

In recent weeks many high school students have been permitted to leave school before the regular dismissal at 2:55. This privilege was granted only to those students whose vehicles permitted them to leave when they had no more classes and with their parents' approval. A form must now be left with the office with the reason for early dismissal and parental signature and a phone number. This form pertains only to regular early dismissals for reasons such as employment and is not necessary for doctor or dentist appointments etc. Mr. Flynn explained this policy to a meeting of the Student Council recently and stated that it will be under revision for next year.

around here; you must always set a good example for him to follow. Everyone has rights as well as duties.

1. Parents can expect you to follow their instructions, always to stay with the child, never to punish him, and to be called in case of an emergency. They have the right to a good baby sitter.
2. The baby sitter can expect regular wages, written instructions, and information, agreement on jobs other than tending the child and agreement on household privileges.
3. Your own parents should know exactly where you are, when you will be home, and who will take you home.

ROUND MT. GRANGE #182

Hunt's Corner, Albany

Attendance at our first April meeting was very light due to snow, but age 55), odds, and other spring ailments. Had it not been for the Gene Bowtell family, the chairs would have been empty indeed. However, the meeting was properly conducted, with a few additions and omissions.

Sister Leah Dergan was installed as Chaplain following acceptance, with regret, of Muriel Gilbert's resignation.

We had our usual fun and games arranged by Honey Bailey, and after making general sessions of ourselves for two weeks at banks, markets and with friends to discuss periods of certain things, she said in a very effusive manner, "I just wanted to see if you could get them!" There ought to be a law!

Our first four point meeting of the year was held April 19 with a total of 76 people enjoying a delicious and wonderful supper served by the Franklin Grangers. 15 Franklin Grangers were present, 15 Pleasant Valley members filled the chairs, 14 West Paris members were guests and 15 Round Mountain members presented a fine program. Leader Elton, Master, played a guitar and was joined in a delightful song by his lovely wife and small daughter. Games, a reading and a brief talk on Hawaii completed the program. Other guests were five members from Bear River Grange, two from Norway, one from New Hampshire and six newcomers.

The next four-point meeting will be May 30 at West Paris. Supper at 6:30. Round Mountain will fill the chairs. Pleasant Valley will present the program and Franklin Grange will be guests. A good time to invite prospective members!

ELEMENTARY ART—S. A. D. 44

I would like to thank the parents who sent in materials for our recent elementary project. The supplies were plentiful and creative, and I appreciate your responsiveness and especially very much it was exciting to see the empty boxes filled with "goodies" and I hope you like the sketchy work. Personally,

I was pleased with the results of the project.

Here are two pictures of a project project paper sculpture.

Two first graders from Andover (A) are assembling a structure and grades 4-6 at Newry (B) are planning a city of the future called "Wonderland", an environment divided into five sections: housing, entertainment, services, business, and to the center an anti-pollution area surrounded by a moat.

Thank you all again for your cooperation. It is sincerely appreciated. —Alice Hutchinson, Elementary Art Supervisor.

R

THE DRUG OF
GREATEST ABUSE

For millions of people, use of a very common, readily available drug can mean going insane or can cause early death unless they completely and forever abstain from its use. The drug is alcohol and the disease is alcoholism. For most people it is a minor problem, but for these others their body cannot cope with it.

Alcohol can also react with many other common prescription drugs to produce very severe side effects. If you are cautioned by your doctor not to drink with a medicine, this could be the reason and you should not disregard this advice.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.

THE KEY TO A GOOD LAWN IS
PROPER FERTILIZING

That's why TURF BUILDER is America's favorite lawn fertilizer. Turf Builder is made by Scott's exclusive Trionized process which enables it to release its nutrients only as the grass needs them. There's no surge growth to cause extra mowing, and there's no wasteful over-feeding or nutrient loss from leaching. Just a thicker, greener, sturdier lawn. Spread Turf Builder on your lawn this weekend, and see for yourself.
